

**TAKE
ACTION!**

**The Graham – Cassidy Health Care Bill
to be voted on by Sept. 30th
*This is the worst bill yet for people with disabilities!***

**The Graham - Cassidy Bill combines the worst parts
of all of the previous failed bills**

It includes huge cuts to Medicaid which would have a devastating impact on people with intellectual and developmental disabilities. Funding for critical services is at risk. This bill would block grant & make huge cuts to the Medicaid program - not just the expansion, the funding for existing housing and day program services.

The bill also eliminates Pre-existing conditions, removes the cap on the % of profits that can be made on premiums, eliminates the essential services to be provided by a health plan and allows insurers to charge significantly more for people who are older, eliminates marketplace subsidies and ends the Medicaid expansion.

If your loved one:

- lives in a group home or apartment
- has the help of a job coach
- attends a day program
- receives respite services
- receives behavioral supports
- receives special education

The Graham - Cassidy bill cuts funding for your services!

CALL NOW!

Senator Cory Booker (973) 639-8700

Senator Robert Menendez (973) 645-3030

The Senate is working fast to pass a bill that will cut and cap Medicaid and they MUST hear from you!

Time is short - act today before it is too late!

Call your Senators NOW and tell them:

- I am a member of The Arc and/or
- I am a person with I/DD (or a family member of someone with I/DD, or a professional in the disability field or someone concerned about people with disabilities
- I (or my family member) or people with disabilities depend(s) on Medicaid long term supports (or home and community supports) to live in the community.
- The Graham – Cassidy bill will hurt people with disabilities
- Oppose cuts to Medicaid. Any cuts to Medicaid threaten the lives of people with disabilities.

Oppose the Graham-Cassidy bill
